

## Mississippi CNA Certification Checklist

### Complete training through one of the following options:

- A Mississippi state-approved CNA training program at a non-facility-based proprietary school or college that includes 75 hours of education
- A Mississippi state-approved facility-based nurse aide training program

### Following program completion:

- Create an account with the state's online CNA365 system to register for testing
- Review Candidate Handbook
- Pass the NNAAP written/oral exam and skills evaluation administered through Credentia
